## ASX RELEASE

10<sup>th</sup> June 2011

### KILLI KILLI AIRBORNE GEOPHYSICAL SURVEY TO COMMENCE

The Directors of Orion Metals (ASX:ORM) advise that Aeroquest Airborne aircraft and crew are arriving on site today and an airborne geophysical survey is expected to commence on Saturday, subject to a successful test flight being concluded. It is expected the survey will take 5 days to complete with the final data available within 20 working days after data acquisition.

As previously advised the high resolution airborne radiometric and magnetic geophysical survey of ORM's tenements in conjunction with Oklo Resources Ltd's (ASX:ORL) EL25454 will cover an area of 600 kms<sup>2</sup>. This also covers the area under agreement with MetalBank Limited (ASX:MBK)

Geophysical anomalies and interesting features generated from this survey will be aggressively investigated with geological prospecting this field season to generate additional drill targets.
