8.7	<b>Estimated quarters of funding available (Item 8.6 divided by Item 8.3)</b>	<b>0</b>

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: Due to the Covid-19 pandemic, WML is expecting relief from Government rebates and its on-ground exploration activities will be minimised for an interim period until Covid-19 restrictions ease.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: WML has taken preliminary steps to raise the required capital for exploration activities for the next 12 months. Due to Covid-19, this has been postponed but will be revisited once markets improve.

WML notes that an R&D refund from the ATO is due in early May 2020 equal to \$326k. This refund when added to our current cash reserves will provide the Company with a total of \$427k of available funding which equates to 2 Quarters of Outgoings.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: WML expects to continue operations in a scaled down phase whilst Covid-19 restrictions remain.

In South Australia, the Department of Energy and Mining has deferred tenement rental payments until December 2020 and tenement expenditure requirements have also been deferred for 12 months.

In Western Australia, the Department of Mines Industry Regulation and Safety has announced that exemption from tenement expenditure will be considered until 31 March 2021 if the tenement holder is unable to meet expenditure requirements as a direct result of COVID-19. These measures will enable WML to minimise tenement expenditure in the near term.

In addition, WML has minimised all overhead expenditure, quarantined director's fees and management salaries.

## Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
